MUHAMMAD HASSAN

Chairman,
JDC Foundation Pakistan

As we begin a new year, I am honored to reflect on the remarkable work of JDC Foundation Pakistan in service of the most vulnerable members of our society. From the beginning, our foundation has been dedicated to supporting all Pakistanis, regardless of their religion or sect. We are proud to work without discrimination and we remain committed to this principle as we undertake 89 different projects throughout the country.

Our efforts span a wide range of sections; rescue and relief work, education, ambulances, funeral bus services and house supporting are just some of them. We are also proud to provide financial assistance to needy students across the country to cover school, college or university fees.

In addition to our ongoing efforts, we recently organized a grand Milad Mustafa (S.A.W.W) Conference, bringing individuals together from different sects and religions to celebrate and honor the life and legacy of the Prophet Muhammad (S.A.W.W). Through this conference, we sent a message of peace and unity to all corners of the world, reaffirming our commitment to building a brighter, more harmonious future for all.

At JDC Foundation Pakistan, our work is guided by a deep sense of compassion and a profound commitment to social justice. We know that the challenges we face are vast, but we are confident in our ability to work alongside different communities to overcome them.

As we move forward into this new year, let us continue to honor the principles that guide us, and let us continue to work together to build a brighter, more hopeful future for all.

Thank you for your continued support and partnership.

ZAFAR ABBAS

General Secretary, JDC Foundation Pakistan

As we move into the new year, I want to take a moment to reflect on the challenges JDC faced, particularly in 2022 and the inspirational projects we completed as a result.

The devastating floods that decimated different areas of Pakistan in 2022 left a trail of destruction in their wake. Thousands lost their lives, millions of homes were destroyed and many were left without food, shelter or medical care. During this unprecedented crisis, JDC was among the first organizations to step up and provide vital support to those affected by floods.

Our teams worked tirelessly to provide emergency aid to those in need, distributing food, clothing, tents, medicines, and setting up tent cities in Sindh to provide safe shelter for families. We sent hundreds of trucks of Ration Bags to flood-affected areas and arranged free medical camps to provide essential care to those who were injured or sick.

Our efforts did not halt there. JDC has continued to expand its services to help those in need, with particular focus on providing free medical care and support to the people of Pakistan. We have opened eight free dialysis centers in different areas of Karachi, with plans to open 50 more across the city, and we are proud to offer free mortuary services, free diagnostic lab tests and a free blood bank as well as a thalassemia center.

Our mission at JDC is to provide maximum relief and support to the people of Pakistan from Karachi to Kashmore and all across the country. We are aware that there will always be presented with challenges and hurdles, but we are committed to working alongside our communities to build a brighter future.

I am in gratitude your support and partnership as we continue this vital work.

THALASSEMIA CENTER

BLOOD BANK

JDC is dedicated to improve healthcare access and affordability in Pakistan. With a focus on providing free medical services to those in need, JDC has made a significant impact on the country's healthcare landscape. One of our most impactful initiatives has been the establishment of free dialysis centers, which provide essential care and support to patients who may otherwise be unable to afford treatment.

But our efforts haven't stopped there. Recognizing the need for even more affordable medical services, JDC is expanding its efforts to include free thalassemia centers, free blood banks, and a free diagnostic lab project. With these new initiatives, we are working to make essential medical services more accessible and affordable for patients throughout the country. Our goal is to open these centers in the upcoming days, providing even more opportunities for patients to receive the care they need to live healthy and fulfilling lives.

Dialysis Patient Review

In today's era, people don't have enough to eat, so how will they afford their healthcare? The JDC Foundation is no less than a blessing for us. We are very thankful to JDC.

FREE DIALYSIS CENTER

For the past thirteen years, JDC has been committed to improve the lives of those in need. Among our 89 impactful projects, our free dialysis center stands out as a beacon of hope for dialysis patients in Karachi. We currently have eight dialysis centers throughout the city and one in Sialkot, providing completely free dialysis services and necessary medications to all patients regardless of their background.

What sets our free dialysis center apart is our commitment to treat every patient like family. Our skilled and experienced staff go above and beyond to ensure that patients receive the highest quality of care possible. Even those with Hepatitis B and C are provided with free dialysis services on dedicated machines, ensuring that they receive the specialized care they need to stay healthy.

Through our free dialysis center, we are making a real difference in the lives of those who need it most. By providing free dialysis services and medications, we are helping patients to focus on their health and well-being, rather than worrying about the financial burden of medical care.

By providing free treatment to those who need it most, we are ensuring that every patient has the opportunity to live a healthy and fulfilling life, regardless of their background or financial situation. STRIVE FOR A HUNGER-FREE WORLD

In a world plagued by hunger and despair, there is a glimmer of hope and that is JDC Organization's Free Food Program. We invite you to show your generosity and kindness towards others. Together we can make a profound impact by eradicating hunger.

Imagine the joy that spreads across a child's face when they receive a fresh, nourishing meal. With your generous donations, we can turn this vision into reality. Picture the smiles that light up a community as our free mobile food trucks roll in, bringing sustenance to those who have been neglected by the rest of society. Your support ensures that people do not consider food to be a privilege and have access to a cooked meal rather than sleeping empty stomach. Your support will enable us to serve these forgotten souls, embracing them with a fresh meal and reminding them that they matter too.

We cannot do this alone. We need your generous contributions to sustain our mission of hope. By donating essentials such as flour, rice, spices, vegetables, oil and meat, you are providing the ingredients for a satiated tomorrow.

No one should be deprived of a meal due to their circumstances or be burdened by the cruel grip of inflation. Middle-class families find themselves struggling to put food on the table, their hopes and dreams stifled by the weight of hunger. By extending your hand, you can transform their lives, giving them the strength and nourishment they need to overcome adversity.

Join our noble cause, where every act of generosity reverberates through countless lives. By opening more free food points (Dastarkhwan) and restaurants nationwide, we can create havens of sustenance, where the less fortunate are welcomed with open arms. Let us erase the boundaries of class, creed, and sect, coming together as one united front against hunger.

Karachi, Pakistan's bustling metropolis, beckons people from every corner of the nation with its promise of employment and opportunity. Yet, in this thriving city, where life teems with vitality, there's a solemn truth that cannot be ignored - the inevitability of death. Each day, Karachi witnesses the passing of individuals due to natural causes, accidents, or unforeseen circumstances. In response to this need, JDC Foundation has ushered in a new era of compassionate care by establishing the world's largest mortuary.

This state-of-the-art mortuary is an unprecedented testament to human empathy, consisting an astounding capacity of one thousand cold storage boxes, ensuring that the departed are treated with the utmost respect and dignity. What sets this mortuary apart however, it's unwavering commitment to providing all these services for free. JDC foundation Pakistan recognises the moment of a loved one's passing is a time of immense sorrow and grief for their family.

Within the hallowed walls of this mortuary, families will find solace in a comprehensive suite of services. The cold storage facilities are just the beginning; here, compassionate professionals extend a helping hand in the rituals of death. The mortuary offers a sacred space for 'ghusal,' the cleansing ritual of the departed. Families can find comfort in the provision of a 'kafan' (shroud) and coffin boxes for their loved ones. In addition, a free 'Mayat' bus service stands ready to transport the deceased to their final resting place, ensuring that no family is burdened during this difficult time.

In a world that often seems divided by differences, JDC Foundation's free mortuary in Karachi is a shining example of unity and compassion. It serves as a sanctuary where the diverse tapestry of Karachi's population comes together, transcending boundaries and offering solace to families in their darkest hours. This mortuary is more than just a facility; it is a symbol of hope and humanity, ensuring that all those who leave this world in Karachi do so with the utmost dignity and respect, without any financial strain on their grieving families.

In the heart of this sprawling city, where dreams are born and realized, JDC Foundation's free mortuary stands as a testament to the values of compassion, unity and service to humanity.

FLOOD RESCUE AND RELIEF PROGRAM 2022

In 2022, Pakistan was struck by catastrophic floods, leaving over 30 million people in dire need of help. JDC has been actively serving the community since the devastating floods of 2010. From our extensive experience working in the devastating 2010 floods, we knew we had to act fast.

We immediately deployed our teams to the most affected areas, especially in Sindh, where the situation was the worst. Our volunteers worked tirelessly, putting their lives at risk, to rescue those who were trapped and on the verge of drowning in the flood.

As we continue to serve our people, we are reminded of the power of humanity and the importance of coming together during tough and challenging times. We know that there is still much work to be done and JDC is counting on YOUR financial support to help us make a difference.

We invite you to join us in our mission to bring hope and provide aid to those in need.

MEALS SERVED

During the floods in Pakistan, we not only rescued people and provided temporary shelter, but also served meals for almost 2,400,000 victims in four months. JDC volunteers worked diligently to ensure that no one remain hungry. We are proud to have served those in need during that critical time.

TENTS

As floods ravaged Pakistan, countless villages were washed away, leaving families displaced and in dire need of shelter. JDC answered the call, setting up makeshift tent cities and distributed over 80,000 tents to those affected. Our efforts to provide tents brought much-needed relief to those in desperate need.

FIRST AID KITS

As torrential rains battered Pakistan, they swept away entire communities leaving thousands of families utterly destitute in the aftermath. Displaced and in terrible need of assistance, we provided over 35,000 First Aid Kits to those affected, providing essential medical supplies that helped to prevent infections and other complications. Our aid helped bring hope and relief to those who had lost everything.

CASH DISTRIBUTION

Cash distribution was crucial during the flood as it allowed over 11,000 affected families to purchase essential supplies like medicine, clothing and shelter materials. This provided immediate assistance to those in need and helped them to survive the disaster.

JDC FOUNDATION'S SWIFT RESPONSE TO THE DEVASTATING FLOODS IN PAKISTAN

From the onset of the flood disaster, JDC Foundation's relief teams had been on the ground, providing crucial assistance to those affected by the catastrophe. Our focus had been on the most vulnerable in society, especially children, who had been at high risk of contracting water-borne diseases due to the consumption of contaminated water. To address this, we had been distributing vital relief items such as dry milk, diapers, biscuits and baby feeders to help sustain the nutritional needs of young children. We had also been providing protective baby coats to shield children from mosquito and snake bites, as well as medicines, medical supplies, water purifying tablets, anti bacterial creams, ointments, safe delivery kits, and therapeutic nutritional supplements.

Furthermore, in collaboration with SSU (Special Security Unit), we had set up two medical camps to provide immediate relief to those in dire need of medical attention. The risks of skin and respiratory diseases had also increased due to the floods, and we had been doing everything possible to prevent the spread of such diseases. JDC Foundation's unwavering commitment to those affected by the floods in Pakistan had remained steadfast. We had continued to work tirelessly to alleviate the suffering of those affected and provided them with the necessary assistance to help them rebuild their lives.

The devastating flood may have passed, but lefts its effects on the lives of over 10 million people. Those affected by the flood have lost their homes, their possessions, and their agricultural fields to the floodwaters. While the worst may be over, it is our responsibility to help with the rehabilitation of those affected by the flood. The floods of 2022 left a devastating impact on Pakistan, but amidst the chaos and destruction, there were those who stepped up to provide aid and relief to those affected. JDC, with their experience in dealing with floods, led the way by establishing temporary tent cities and safe shelters for victims.

Thanks to the generous support of donors and supporters, JDC was able to send over 120 trucks daily, loaded with essential supplies such as food, water, medical aid, mosquito nets, emergency lights, clothes, blankets, and slippers. Recognizing the urgent need for better health facilities in the affected areas, JDC collaborated with the Special Security Unit (SSU) to set up medical camps to combat tropical diseases like dengue fever, which were spreading rapidly due to the stagnant floodwater.

JDC's relief efforts were bolstered by the tireless work of Pakistan's armed forces, who joined hands with volunteers to distribute over 2 million ration bags to the flood victims. JDC also distributed 50,000 ration bags each to Sindh Rangers, Pakistan Airforce, and 25,000 ration bags to Pakistan Navy, JDC Foundation not only donated 89,000 mosquito nets but also contributed 211,000 winter clothes and 200,000 ration bags to the Pakistan Army, where our volunteers were unable to reach.

Beating the Pandemic: Strategies for Combating COVID-19

During pandemic, JDC Foundation, in collaboration with Late Hunaid Lakhani, initiated a commendable project: a Free Hospital for COVID patients. From the initial stages to the critical ones requiring a ventilator, JDC provided all necessary services and equipment for free.

However, after a specific period, the project came to an end. Nevertheless, the impact of our generosity and kindness continues to be felt. JDC Foundation's mission to serve those in need during the pandemic was nothing short of remarkable.

JDC's commitment to provide essential healthcare services and equipment to COVID patients, without any charge, is a testament to the power of compassion and empathy. Such acts of kindness remind us that even in the darkest of times, there are rays of hope and goodness.

JDC Foundation's project with Late Hunaid Lakhani set an example for others to follow, highlighting the importance of lending a helping hand during times of crisis. JDC's contribution will forever be remembered and celebrated as a symbol of generosity and kindness.

COVID-19 RATION DRIVE

Glimpses from the Past

Providing Hope and Relief: During the COVID-19 Crisis in Pakistan

In the face of the unprecedented challenges brought on by the COVID-19 pandemic, JDC emerged as a shining example of selfless service and unwavering commitment. Going beyond expectations, JDC not only established a Free COVID Hospital but also extended its support to those affected by the pandemic in numerous other ways. From providing free food to quarantine centers to launching a historic ration drive, JDC left an indelible mark on the lives of millions of families in need. With relentless efforts and boundless compassion, JDC became a ray of hope for the struggling masses during those difficult times.

Amidst the complete lockdown and economic downturn, the consequences of the pandemic hit the most vulnerable in society the hardest. Recognizing this dire situation, JDC swiftly sprang into action to alleviate the suffering of those affected.

Witnessing the plight of families who had lost their livelihoods due to the lockdown, JDC initiated a historic ration drive. With immense support from generous donors, we distributed over 2 million ration bags to families in desperate need. This initiative became a lifeline for countless households, offering them relief from hunger and uncertainty.

Understanding the critical shortage of oxygen during the peak of the pandemic, JDC took proactive measures to address this crisis. We arranged free oxygen cylinders for COVID patients, ensuring that they receive the necessary respiratory support. Additionally, we provided free face masks to protect individuals from the spread of the virus. JDC's commitment to the well-being of the community was unwavering, and we left no stone unturned to provide essential resources to those in distress.
